Dear Parents,

Term 2 has been very busy and we are now past the half-way mark.

SCHOOL CROSS COUNTRY
This was held last week and I was impressed with the endeavour shown by our students. There were some excellent individual performances and most students did their best. Thanks to Mr Wyatt and Mr Haddow for their overall organisation and to the staff who helped.

DRAMA PRODUCTION - "LITTLE STARS"
Many of our students and staff have been working very hard on our production which is to be held this week on Friday and Saturday night. I urge all families to support the students and staff who have given up a lot of their valuable time to make the performance a success.

PRINCIPAL’S CONFERENCE AT LORNE
Mr Cashin and I are attending the Annual Principal’s Conference this week and it is here that we meet with other Principals from the Grampians Region and gain benefit from being exposed to a range of new ideas and programs.

ROOM 10
With new carpet, projector, two split system air-conditioners, big screen and new furniture, the room has been transformed into a comfortable multi-purpose room. Only painting needs to be completed. Several classes have already used the room and all reports are very positive.

ENGLISH ROOM – ROOM 3
A new electronic interactive whiteboard has been installed and is being put to good use.

YEAR 11 AND 12 EXAMS
These are fast approaching and students should be studying hard for them. I wish our students “good luck” and hope that they are rewarded for their efforts.

GEORF RIGBY, PRINCIPAL

MEETING – PARENTS & FRIENDS
2.00 pm Monday June 7.
In school meeting room.

Agenda – to discuss Fete arrangements
Last meeting cancelled due to lack of numbers - attendance would be appreciated.
Fete
This year’s School Fete will be held on Friday, July 30th. The Year 7 students will be involved in the usual array of activities, including the sweet stall, sponge throw, mystery balloons, coin in the tank, fortune telling, guess the lollies, and so on. Our greatest fundraising activity is always the homemade sweet and cake stall. Students will be asked to write on a list in the Year Level Room what the students can make or supply from home for this stall. It would be appreciated if all Year 7 students and families could donate something for us to sell at this stall. Further details will come home on a note with your child. This is just a preliminary warning about the Fete.

Assessment Tasks and Reports
With report writing day set down for Friday, June 11th, students have been busy with assessments of all sorts. Reports will go home with students on the last day of term.

Generally I have been very pleased with the Year 7 groups, although there have been complaints from some staff about homework not being done by some individuals.

I am checking diaries fortnightly, just to check that they are being used and also being signed. Your child should be asking you to sign their diaries (perhaps Wednesday or Thursday night). If they forget, you could prompt them – although it is their responsibility.

Other Activities
It is great to see Year 7 students having a go at other activities around the School. At the moment, students are involved with the RACV Energy Challenge, Scrapbooking, rehearsals for School play, Choir, and Science Club. There’s always something extra going on.

School Photos
Students have received School photos. These should be posted to the address given. Don’t bring them back to School.

House Cross Country
Congratulations to the Year 7 students who completed the course. Some results are given below. Blake, Angus, Sophie & Morgan will go on to the Interschool Cross Country.

Year 7 results are below:

Year 11 Work Experience

Back in May the Year 11 students went to Ballarat for work experience. Below are some of their comments on the week. I strongly suggest that all Year 10 students read these comments as they give them some ideas for their work experience next year in 2011.

I worked at the Ballarat RSPCA. I had a lot of fun working there and learned a lot about the work they do. Although a lot of the work was cleaning I enjoyed it immensely.
- Zoe Atkins

I went to Ballarat Specialist School and worked in a class of 10 children aged 7 to 8. It was a good experience and I enjoyed the week there. Whilst I was there we went to the Melbourne Aquarium.
- Georgia Bird

I went to St John of God Hospital and did the Variety Program. I spent every day in a different part of the hospital, these were the Kitchen, the Sterilisation department, the coding and documentation office, the nursery for premature babies and a day in the hydrotherapy. Overall it was an amazing experience and gave a lot of insight into the different jobs in a hospital. Staying at Sovereign Hill with my class and the night time activities were also great.
- Bek Borden

I went to Pinarc, which is a disability centre that involves adults, teenagers and young children. I absolutely loved the experience and would definitely go back there in the future and maybe even work there. It was the best, the people are amazing.
- Tayla Burke

I went to Elle Beauty Therapy. During the week I observed different treatments and helped out where possible. Overall it was a good experience.
- Kendra Campbell

As part of my work experience I worked at the Ballarat Wildlife Park, cleaning enclosures and wrangling reptiles. I found working there was an educational experience and a memorable one and the keepers were so kind and welcoming.
- Lisa Cheng

I went to the Commonwealth Bank Business Banking Centre. It was interesting meeting the people who worked there and I enjoyed staying at Sovereign Hill and catching buses to work.
- Luke Clark
I went to Eureka Vet Hospital, loved it so much I didn't want to come back to Donald. Amazing people work there and I got plenty of awesome things done. I will definitely go back for a visit. Loved every minute.

- Jenna Cockman

I went to Eastwood St Vet Clinic. In the mornings I sat in on consultations and prepared equipment for surgeries. In the afternoons I got to watch the surgeries which included caesareans, knee reconstructions and numerous desexings.

- Ally Doak

For my work experience I went to Ballarat Aerovision out at the Airport. It gave me a good insight into what the Aviation Industry is all about, including flying and maintenance. I also witnessed an in-flight marriage proposal. I really enjoyed my time there.

- Regan Dunstan

For work experience I worked at the RSPCA with Zoe. I found the work that they do interesting and enlightening and it was great to observe the way everything works there. The staff and volunteers were great and I really enjoyed working there.

- Catherine Falla

I completed my work experience at Photo Design in Ballarat. Here, I was able to view studio sittings and go on a photo shoot at a Kinder. I watched the editing process of the photos taken and helped customers choose photos from their wedding album. Overall I had an enjoyable week, although I wasn't able to do a lot of photography myself.

- Brenna Green

I went to the Base Hospital and did the Variety Program. I mostly cleaned everything you could imagine but my highlight of the week was that I got to be in Radiology. Here I saw Fluoroscopy, general Radiology, Ultrasounds, CT scans and an MRI on a two year old, which was a very rare occasion. I also enjoyed staying as a group at Sovereign Hill and walking to work.

- Ashlee Griemink

I went to a gym called 'On Track Personal Fitness'. While I was there I got to help teach, as well as join in with a variety of activities including pilates, one on one sessions, cycling, boxing and group sessions. Overall I really enjoyed the week and through it was a great experience.

- Mikayla Haddow

I went to Laser Electrical. I got to work around Ballarat and out at Maryborough. Overall a great experience. I even got offered a job.

- Reece Harberger

I went to the YMCA, I got to work in the pool, gym, administration, and crèche. I loved the experience, thought it was really rewarding and an enjoyable week.

- Ashlee Jeffery

I completed the Allied Health Program at the Queen Elizabeth Rehabilitation Centre. It was a really good experience as I was able to see a lot of different positions in the allied Health area, including physiotherapy, prosthetics & orthotics, dietetics, podiatry and speech therapy. I thoroughly enjoyed the week.

- Kelsey Jess

I went to Soho for work experience. I got to learn about different levels of hair dye and how to mix them. I also learned how to wash hair. Overall I thoroughly enjoyed my week and thought it was a great experience.

- Maddie Onley

I completed work experience with the HaPE (Health and Physical Education) Department at St Patricks College in Ballarat. I got to experience taking classes ranging from 7 - 10 in fitness, basketball and outdoor education. I observed VCE subjects. Health and Physical Education is definitely something I'd like to pursue. I also got to help with preparations for their first footy game again BCC (Ballarat and Claredon College).

- Laura O'Reilly
I went to TGM Engineering and Surveying. During the week I experienced being both a structural and civil engineer as well as a surveyor. I really enjoyed my week and it gave me a valuable insight into the engineering field.

- Declan O'Shea

I went to the Ballarat Courier. During the week I went out on jobs with the journalists and photographers and re-wrote some articles. It was a great experience and I recommend it for anyone interested in journalism.

- Teagan Stuchbery

I went to WIN TV in Ballarat. It was a great experience, I got to see them make ads, news and many other things. My favourite part was getting to see Bruce Roberts and Sean Sowerby read the news and the sports reports for the 6.30 report on WIN.

- Sean Walsh

I went to Laser Electrical. It was good to have a go at electrical work. The people I worked with made it an even better experience. Overall a good week.

- Aaron Wright

Photos elsewhere in the Newsletter.

**Year 7 Science**

All Year 7 students completed a competency 'Bunsen Burner License' test. The students need to know the different parts of the Bunsen Burner, the safety aspects and what flame to use when heating substances. ALL Year 7 students passed and have collected their licenses.

Photos elsewhere in the Newsletter.

**SCIENCECLUB**

Many students have been enjoying Scienceclub. Last fortnight the students were able to observe a demonstration using DRY ICE (solid carbon dioxide) in different situations. Students also got to participate in the affects of Dry Ice on gas particles and what happens to lettuce.

The students have also been able to make Volcanoes and Lava Lamps this term.

Photos elsewhere in the Newsletter.

**NEW BOOKS IN YOUR LIBRARY THIS WEEK**

**What now Tilda B?** by Kathryn Lomer

Tilda is fifteen has exams coming up and the pressure of deciding what she is going to do with her life. With the chance discovery of an elephant seal and its pup Tilda’s world is upended. Everything that she held to be true begins to falter and with it new possibilities are revealed.

The worst thing she ever did by Alice Kuipers

Sophie’s mother is crazy and all of her friends treat her as if she’s made of glass, but she’s FINE. When her therapist suggests she keep a diary, Sophie realises that the panic attacks she’s suffering from might, in fact, be a sign that she’s not fine and as she allows herself to remember, she also begins to forgive.

**When courage came to call** by L M Fuge

This thrilling first novel from teen author L.M. Fuge grips you right from the first page, exploring the horrors of war and the cost of courage.

**Missing Books**

The library is missing two books from the Cherub Series by Robert Muchamore.

If you happen to have either

"Man Vs Beast" or "Brigands MC"

could you please return them to the Library. No questions asked.
DONALD HIGH SCHOOL
PRESENTS

“LITTLE STARS”

Where: Memorial Hall, McCulloch Street Donald

EVENING PERFORMANCES:
Friday 28th MAY
Saturday 29th May 2010 @ 7.30pm

COST: Students $5, Adults $10 & Family $20

Tickets will be available at the door.

The students have worked very hard over the last few months. Come along and support the school and see our major drama production.

Year 11 Exam - Timetable

Year 11 Exams start next week. Yes that’s right, they are only a week away. If you have a child in Year 11, they should be completing at least 2 hours of study each night and plenty of revision on the weekends. They could be completing questions from textbooks, summary notes, past or practice exams. Year 11 students do have a study day Thursday 3rd June. They are expected to attend Monday, Tuesday, Wednesday next week before the exam period. Year 11 students completing a Year 12 subject will sit the GAT on Thursday and are expected to attend their Year 11 subjects in the afternoon. Year 11 students can wear casual clothes and town students may come and go as they please (no thongs or moccasins). Students who would normally travel on the bus to get to and from school, must have a note and sign out in the Absent Book if they are going to leave school grounds, even to go down the street for lunch. Below is the timetable for the exams. You may want to stick this on your fridge as a reminder.

MEDIA RELEASE

Young people in the north central region are being encouraged to stay longer at school as the region’s youth unemployment levels top 23 per cent.

The North Central Local Learning and Employment Network (LLEN) and secondary colleges in the region have joined forces to launch an awareness campaign about new rules governing the leaving age for students.

North Central LLLEN Executive Officer Jerri Nelson said the Federal Government had introduced strict new rules and the state government has new guidelines that schools must implement prior to a students' exit from school before year 12 completion.

"Schools in our region must report any non-compliant exits but in some instances families are not aware of these new rules and the Government’s decision to increase the school leaving age to 17," Ms Nelson said.

"This has made it challenging for schools to enforce but under the new Council of Australian Governments (COAG) ‘learn or earn’ policy it is mandatory that schools go through a thorough procedure if a student decides to leave."

Ms Nelson said the new rules meant that schools needed to be aware of the training or employment options of departing students.

She said the nine secondary schools across the North Central LLLEN region were committed to developing programs to engage young people and to working with students and their families to provide flexible options. Each school has a range of counselling and pathway planning options available to students and parents.

"It is more difficult to leave school and the leaving age has increased but while it is recognised that school is not always the answer for every student, we understand and support the reasoning behind the ‘learn or earn’ concept," Ms Nelson said.

Youth unemployment is at an all-time high in the north-central region, averaging 23 per cent across the LLLEN's nine communities.

"Currently there are limited opportunities for youth employment in our region so there is merit in an initiative which puts the focus on flexible learning plans, pathways planning and helping students stay longer at school. Young people who do remain engaged in education or training and develop vital skills for employment and will be the best positioned when opportunities do arise," Ms Nelson said.

"While general unemployment levels have recovered, youth unemployment levels are likely to get worse before getting better so there is good reason to stay in school or enroll in vocationally based training programs."
“Skilled jobs will dominate the future employment market and we are aiming to help young people in our region maximise their opportunities.”

In announcing the `learn or earn' plan, Prime Minister Kevin Rudd said the focus was on equipping young people facing unemployment with new skills.

As part of the compact, COAG committed to increasing the school Year 12 retention level to 90 per cent by 2015.

It requires people under the age of 20 who do not have a Year 12 certificate to be in education or training before they can receive the Youth Allowance payment. Parents of young people in the same position must meet the same requirements if they want to receive Family Tax Benefit Part A.

Anyone aged under 17 must be in full-time school, work or training while jobless under-20s will receive a training place with first priority for a Year 12 or equivalent Vocational Education and Training (VET) qualification.

2010 UNSW ENGLISH COMPETITION
The 2010 UNSW English Competition will take place on Tuesday August 3. This is an optional test, but is highly recommended as students are externally assessed and comparisons are made with similar age students in Australia. It is also an opportunity for students to gain experience sitting a test under exam conditions. Parents were given the opportunity to pay for this English Competition through the booklist. However, if you have changed your mind, please return the form below, together with $6 by Wednesday June 23 (last week of Term 2) to either the office or your child’s English teacher.

Karyn Goode
English Co-ordinator

If your child is interested, could you please fill out the form below and send it along with the money in an envelope by Wednesday 23rd June.

My child(ren) ____________________________________________________________

(please print)

would like to participate in the University of N.S.W English Competition to be held on Tuesday August 3. Please find enclosed the entry fee of $6.00 for each child.
